Virtual Machine Manager

```
graph TD; VM[Virtual Machine Manager] --> Client; VM --> Server;
```

The diagram illustrates a virtualized environment. At the bottom, a box labeled 'Virtual Machine Manager' is connected by a horizontal line to two boxes above it, 'Client' and 'Server'. From the center of the 'Virtual Machine Manager' box, a vertical line extends upwards to a horizontal line. From the ends of this horizontal line, two arrows point upwards towards the 'Client' and 'Server' boxes respectively. The entire diagram is enclosed in a large rounded rectangle.
